

CF30 There was another wee doll, she was Minnie, what did they call her? Minnie, anyway, she was, she didn't like to be called this name, she was, but anyway he, uh, she was standing one day and I, Minnie-me, that's what they called her.

Int. Mm-hm.

CF30 I don't know what her proper name was. But we never heard nothing for her only Minnie-me.

Int. Mm-hm.

CF30 And when I was at school, I was standing one day up again the wall there now where the SuperValu is. At that time it was, uh, McLoughlin's Egg Store.

Other Mm-hm.

CF30 And I was standing there and I seen her coming and I said "Oh, there's Minnie-me coming". Well, she'd a rope in her hand, like, that she carried about with her, suppose to give you a whack of it. And she come over and she battered the devil out of me because I called her Minnie-me.

Other {XX}

CF30 And I says "Minnie, I never heard nothing else for you". "Don't you dare ever call me that again", she says. Oh, I did have some handlings in my life-time.
